## 2<sup>ND</sup> GENERATION BIOMATCH (2GBM)

Matchmaking is one of the fastest and most cost-effective ways of getting into new markets, finding new technologies and methods. 2GBM is a series of four major matchmaking events each focusing on a different aspect of the biomass to bioenergy sectors.

### **MATCHMAKING EVENT AT WORLD BIOENERGY AND ELMIA RECYCLING FAIR 2010**

*Sweden, 25<sup>th</sup>-26<sup>th</sup> May 2010*  
Bioenergy, waste management,  
energy recovery and recycling

### **AGROMATCH 2010 AT AGROMEK**

*Denmark, 1<sup>st</sup>-2<sup>nd</sup> December 2010*  
Bioenergy from agricultural crops  
and animal waste

Register online at  
[www.bioenergy-match.eu](http://www.bioenergy-match.eu)

## HOW DOES MATCHMAKING WORK?

You can select up to 20 companies or organisations that you would like to meet. Based on the selections, 2GBM organises a programme of 30 minute meetings with each of them. In our experience, this is enough time for you to know if you can work together or not.

### **GENERA 2011 ENERGY AND ENVIRONMENT INTERNATIONAL TRADE FAIR**

*Spain, 11<sup>th</sup>-13<sup>th</sup> May 2011*  
Renewable energy and energy efficiency

### **ECOBUSINESS COOPERATION EVENT AT ECOMONDO 2011**

*Italy, November 2011*  
(exact dates to be announced)  
Bioenergy, waste management,  
energy recovery and recycling
